COMPLETE FIGMA MAKE UI DESIGN PROMPT

v2.0 | All 17 Design Improvements Incorporated | React Native (Expo) | Android & iOS

Document Guide

SECTION 1 >> Master Design System Prompt -- paste entire block into Figma Make to generate colors, fonts, spacing

SECTION 2 >> Screen-by-Screen Prompts (28 screens) -- paste individually per screen for best results

SECTION 3 >> Component Library Prompts -- paste to generate the Figma component set

SECTION 4 >> Prototype & Interaction Notes -- wiring, animations, responsive rules

National College of Engineering | BCT | Apoorva Paudel Asim Poudel Dibya Shakya Suhan Khadka | 2026

Design Improvement Summary

All 17 discussion points resolved and incorporated into this Figma Make prompt. Key changes from v1 are highlighted throughout.

What Changed From v1

This v2 prompt fully incorporates the 17-point design improvement specification. Below is a quick reference of every major change:

17 Improvements At a Glance

- 1 Color System: 4-tier token system (Brand Blue / Trust Teal / AI Purple / Semantic). Named Figma Variables only.
- 2 Auth: OTP on signup only. Phone + password for daily login. Admin = same login screen, role-routed.
- 3 Role Selection: Shown ONCE after OTP signup. Stored permanently. Login always auto-routes by saved role.
- 4 Dashboards: Student (KNN feed + enrollments), Tutor (metrics + schedule + capacity), Admin (queue + KPI charts).
- 5 Batch System: Tutor-only creation. Multi-select enrolled student cards. 2-6 students. 48h acceptance window.
- 6 Student Privacy: Approximate radius circle shown to tutor -- NOT exact pin. Exact address revealed post-acceptance.
- 7 Batch Fees: 3-tier rate structure: 1-to-1 | Recommended Batch | Minimum Batch. Student cannot counter-offer.
- 8 Enrollment: Always 1-to-1 by default. Batch join is a SEPARATE browse path. No batch option in enroll form.
- 9 Time Slots: Tutor sets 2-hour block availability. Student picks from available slots only. Conflict detection.
- 10 Responsive: 390px base. 360px and 430px+ breakpoints. Font scale multiplier. Safe area handling.
- 11 Map: Pin clustering, 3 pin types, service radius overlay on tap, floating mini info card, near-me button.
- 12 Verification: 3-tier: Phone Verified / Student Tutor Badge / Blue Tick Pro. Admin queue with doc viewer.
- 13 Bottom Nav: Student (5 tabs), Tutor (4 tabs), Admin (4 tabs). Specs per role. AI tab always purple.
- 14 Tutor Types: Student Tutor vs Professional Tutor paths. Different badges, verification, KNN weights.
- 15 Platform: Profile completion score, response rate badge, Top Tutor badge, analytics, saved tutors.
- 16 Capacity: Student Tutor max 10 / Pro max 20. Gray lock pin at capacity. Waitlist system.
- 17 Rating: 5-dimension review. 2-session minimum. Verified Enrollment badge. Tutor response allowed.
- A Notifications: 8 notification types. FCM push. In-app center. Per-user preference toggles.
- B Offline: Firestore offline persistence. Queued submissions. Map degrades to list. Banner indicators.

SECTION 1

Master Design System Prompt -- Paste the entire code block below into Figma Make before creating any screens

1. Master Figma Make Prompt

Copy and paste the entire block below into Figma Make to generate the complete design system: color tokens, typography scale, spacing system, and all design rules. This must be completed FIRST before designing any individual screen.

```
Design the complete EdumentX app design system. EdumentX is a location-based home tutor discovery platform for Nepal, built with React Native (Expo) for Android and iOS.  
Frame: iPhone 14 (390x844px, 1x). Design light mode first; all color choices must also work in dark mode using high-contrast pairs.
```

```
=== COLOR TOKENS (Figma Variables - create all of these) ===
```

```
BRAND (Education Blue - trust, academia, primary actions):  
  brand/primary      #1A56DB  CTAs, active nav, links, focus rings  
  brand/primary-dark #0C3A7A  pressed states, dark header bars  
  brand/primary-light #E8F0FE  backgrounds, hover fills, info tints
```

```
TRUST (Verification Teal - verified tutors only):  
  trust/teal          #0D9E75  Blue Tick badge, accepted enrollment, success toast  
  trust/teal-dark     #0A7A59  pressed teal, dark teal text  
  trust/teal-light    #E0F5EE  verified card background, success tint
```

```
AI IDENTITY (Purple - EXCLUSIVELY for AI Chatbot. Never use elsewhere.):  
  ai/purple           #4F46E5  chatbot header bar, AI send button  
  ai/purple-dark      #312E81  chatbot header pressed, AI dark text  
  ai/purple-light     #EEF2FF  AI bubble background, quick chip bg
```

```
SEMANTIC STATES:  
  state/pending-text  #B45309  on background #FFFBEB  
  state/pending-bg    #FFFBEB  
  state/success-text  #14532D  on background #F0FDF4  
  state/success-bg    #F0FDF4  
  state/error-text    #991B1B  on background #FEF2F2  
  state/error-bg      #FEF2F2  
  state/info-text     #1E40AF  on background #EFF6FF  
  state/info-bg       #EFF6FF
```

```
SURFACES:  
  surface/page        #F9FAFB  all screen backgrounds  
  surface/card         #FFFFFF  cards, list items  
  surface/elevated     #FFFFFF  modals, bottom sheets  
  surface/disabled     #F3F4F6  disabled inputs, locked buttons
```

BORDERS:

border/default	#E5E7EB	0.5px	card edges, dividers
border/strong	#D1D5DB	1px	input fields
border/brand	#1A56DB	1.5px	focused input highlight

TEXT:

text/primary	#111827	headings, important labels
text/secondary	#4B5563	body, descriptions
text/muted	#9CA3AF	placeholders, timestamps, hints
text/on-dark	#FFFFFF	on colored/dark backgrounds
text/link	#1A56DB	tappable text links

=== TYPOGRAPHY (Inter font, 2 weights only: 400 Regular, 500 Medium) ===
NEVER use 600 or 700 bold on mobile – too heavy on small screens.
Sentence case everywhere except label/overline (UPPERCASE).

title/screen	24px / 500 / line-height 32px / text/primary
title/section	20px / 500 / line-height 28px / text/primary
title/card	17px / 500 / line-height 24px / text/primary
body/large	16px / 400 / line-height 24px / text/secondary
body/default	14px / 400 / line-height 22px / text/secondary
body/small	13px / 400 / line-height 20px / text/secondary
label/strong	13px / 500 / line-height 18px / text/primary
label/default	12px / 400 / line-height 18px / text/secondary
label/overline	11px / 500 / line-height 16px / text/muted UPPERCASE
letter-spacing:	0.08em
caption	11px / 400 / line-height 16px / text/muted

=== SPACING (base unit: 4px, all spacing multiples of 4) ===

Page horizontal margin:	16px
Section vertical gap:	24px
Card padding:	16px horizontal, 14px vertical
Component gap tight:	8px
Component gap default:	12px
Component gap loose:	16px
Min tap target:	44x44px (ALL interactive elements)

=== CORNER RADIUS ===

radius/chip	8px	badges, status chips, tags
radius/card	12px	cards, list items, input fields
radius/modal	20px	bottom sheets, modals, drawers
radius/pill	999px	buttons, avatars, navigation pills

=== ELEVATION – FLAT DESIGN RULES ===

NO gradients on backgrounds. NO drop shadows on cards. NO glow effects.
Elevation = 0.5px border using border/default token only.

Only TWO exceptions:

- 1) Floating map elements (search bar, radius pill): box-shadow 0 2px 8px rgba(0,0,0,0.12)
- 2) Bottom sheet: top shadow line box-shadow 0 -1px 0 border/default

=== ICONOGRAPHY ===

Library: MaterialCommunityIcons (consistent weight and style throughout).
Standard icon: 24px. Navigation bar icons: 26px. Small inline icons: 16px.

Inactive icon: text/secondary. Active icon: brand/primary.
AI Chat tab icon: ALWAYS ai/purple regardless of active/inactive state.
Tutor batch action icons: trust/teal.

=== GRID AND LAYOUT ===

Screen width: 390px. Content width: 358px (390 minus 32px margin).
4-column grid with 8px gutters for card grids.
List items: full width 358px, 12px vertical gap.
Horizontal scroll rows: cards 160-170px wide, 12px gap, no clipped edge.

=== RESPONSIVE RULES ===

Base: 390px (iPhone 14). Min supported: 360px. Max tested: 430px+.
Font scale: body 14px at 360px, 15px at 390px, 16px at 430px+.
Card padding scales: 12px at 360px, 16px at 390px, 20px at 430px+.
Nav icon: 22px at 360px, 26px at 390px, 28px at 430px+.
All auto layout. No fixed absolute positions inside scroll content.

Apply ALL tokens to Figma Variables panel (not hardcoded hex values).
Create Text Styles for every typography entry above.
Every component must reference variables, never raw colors.

SECTION 2

Screen-by-Screen Figma Make Prompts (28 Screens) -- Paste each block individually when creating that screen

2. Screen Design Prompts

Create one screen at a time in Figma Make. Paste the corresponding prompt block. All prompts assume the design system from Section 1 is already applied. Each prompt is self-contained with exact layout, states, and content.

2.1 Onboarding & Authentication (S-01 to S-07)

Auth Flow Logic

SIGNUP: Phone Number Entry > OTP Verification > Create Password > Role Selection (ONCE) > Profile Setup > Dashboard

LOGIN: Phone + Password screen (NO OTP) > role auto-detected from database > correct dashboard

ADMIN: Uses same login screen as everyone. role=admin routes to Admin Panel. No separate admin portal.

FORGOT: 'Forgot Password?' triggers OTP reset flow. After OTP, shows Create New Password screen.

All Users

Splash Screen

Auto-dismiss 2s, brand intro

```
Design EdumentX splash screen at 390x844px.
Background: solid brand/primary-dark (#0C3A7A), full bleed, zero gradient.
Layout vertically centered:
  Logo mark: 64x64px rounded square, white fill, radius/card, with a stylized
    uppercase E letterform in brand/primary inside.
  Wordmark: 'EdumentX' - 34px/500/text/on-dark, Inter, 12px below logo.
  Tagline: 'Find your perfect tutor nearby' - 15px/400/#93C5FD, 8px below
    wordmark.
  Loading bar: 4px tall, 100px wide, centered, white fill at 20% opacity
    track,
    brand/primary-light animated fill sweeping left to right.
  Version: 'v2.0' - 11px/400/text/muted, 28px above bottom safe area.
No status bar. No cards. No borders.
```

Onboarding Carousel — 3 Slides

Value prop intro before signup

```
Design 3-slide onboarding carousel at 390x844px.
Show Slide 1 as default. Slides 2 and 3 are component variants.
```

Global layout:

Background: surface/page. Status bar top (light icons).
Skip link: top-right, 14px/400/text/link, 16px from edge.
Illustration zone: 300x260px centered, 60px from top content.
Text block below illustration: 16px horizontal margin.
Dot indicator + buttons: pinned to bottom, 100px zone.

SLIDE 1 – Map Discovery:

Illustration: flat vector. Top-down Kathmandu street map tiles in muted blue/teal. 4-6 tutor location pins in brand/primary and trust/teal.
A parent figure holding a phone, looking at the map pins.
Headline: 'Find tutors near you' 24px/500/text/primary centered.
Body: 'Browse verified home tutors on a live map within your chosen area.' 16px/400/text/secondary centered, 2-line max.

SLIDE 2 – AI Chat:

Illustration: chat interface mockup. Purple header. AI response bubble containing a mini tutor card with name/rating. Typing indicator dots.
Headline: 'Ask AI, find the right match'
Body: 'Describe what you need in plain Nepali or English. AI finds tutors for you.'

SLIDE 3 – Trust & Verification:

Illustration: shield with teal checkmark at center. Document icons floating around it. Blue Tick badge prominent on the shield.
Headline: 'Only verified, trusted tutors'
Body: 'Every Blue Tick tutor is document-reviewed by the EdumentX admin team.'

Dot row: 3 dots, 8px each, 6px gap.

Active: 24px wide pill, brand/primary fill. Inactive: 8px circle, border/default.

Slides 1-2 button: 'Next' primary button, 358px, 52px, brand/primary, radius/pill.

Slide 3 button: 'Create Account'.

Below Slide 2-3 button: 'Already have an account? Log in' – 13px, log in brand/primary.

Signup &
Login

Phone Number Entry — Dual Mode

Single screen, two modes

Design the Phone Entry screen for EdumentX at 390x844px.
This screen serves BOTH signup and login – show SIGNUP mode as default.

TOP AREA:

Status bar + back arrow (20px, text/secondary) top-left.
EdumentX logo mark (32px) centered, 12px below status bar.

MODE TABS (below logo, centered):

Two pill tabs side-by-side: [Sign Up] [Log In]
Each tab: 130px x 36px, radius/pill.

Active: brand/primary fill, white text, 13px/500.
Inactive: border/default, text/secondary, 13px/400.

SIGNUP MODE content:

Headline: 'Create your account' 22px/500/text/primary, 24px below tabs.
Sub: 'We will send a one-time code to verify your number.'
13px/text/secondary.
Phone field (below sub, 16px margin):
Width 358px, 56px height, white bg, 1px border/strong, radius/card.
Left section 96px: flag emoji NP + '+977' 15px/500/text/primary, right divider.
Right: numeric input. Placeholder '98XXXXXXXX' text/muted.
15px/400/text/primary.
Focused: 1.5px border/brand, brand/primary-light bg at 25% opacity.
Hint below field: '10-digit NTC/Ncell number' 12px/text/muted.
'Send OTP' primary button: full width, 52px, brand/primary, radius/pill.
Disabled (gray) until 10 digits entered.

LOG IN MODE content (shown when Log In tab is active):

Headline: 'Welcome back'
Sub: 'Log in with your phone number and password.'
Phone field: same styling as signup.
Password field: 358px, 56px, 1px border/strong.
Left: lock icon 20px text/muted. Right: eye toggle 20px.
Placeholder: 'Your password'.
'Forgot Password?' right-aligned below field: 13px/400/text/link.
'Log In' primary button: full width, 52px, brand/primary.

Bottom both modes: 'By continuing you agree to our Terms & Privacy Policy'
11px/text/muted, centered, links in text/link.

OTP Verification

SMS 6-digit verify, 60s countdown

Design OTP Verification at 390x844px.

Status bar + back arrow.

Top icon: phone-with-signal-waves (48px, brand/primary tones), 40px from content top.

Headline: 'Check your messages' 24px/500/text/primary centered.

Sub: 'We sent a 6-digit code to +977 98XXXXXXXX' 14px/text/secondary centered.

Phone number: text/primary/500. 'Change number' link brand/primary 13px inline.

OTP INPUT ROW: 6 boxes horizontal.

Box: 48px wide, 56px tall, radius/chip, 1px border/strong, surface/card bg.

Text inside: 24px/500/text/primary, centered.

Empty state: brand/primary-light bg (#E8F0FE).

Filled: white bg, border/brand, text/primary.

Active/focused: 1.5px border/brand, scale 1.02.

Error: 1.5px state/error-text border, state/error-bg fill.
Gap between boxes: 8px. Total row: 328px, centered.

Timer row (12px below OTP):

Left: 'Resend code' – muted while timer active, brand/primary when 00:00.
Right: '00:58' countdown – 14px/500/brand/primary.

'Verify' button: 358px, 52px, brand/primary, radius/pill.

Auto-submits when 6 boxes are filled.

Loading: spinner replaces text, disabled.

Bottom note: lock icon + 'Code expires in 10 minutes' 12px/text/muted centered.

4

Create Password

Set daily-use password, strength indicator

Design Create Password screen at 390x844px.

Status bar + back arrow + 4-step progress bar (step 3 = 75%, brand/primary fill, 4px).

Shield-lock icon (48px, trust/teal tones), 32px from content top, centered.

Headline: 'Create a secure password' 24px/500/text/primary centered.

Sub: 'You will use this to log in every day – no OTP required.'
14px/text/secondary.

Password field: 358px, 56px, lock icon left (20px), eye-toggle right.

Strength indicator (8px below field):

Bar: full width 358px, 4px height, radius/pill.

Weak (25% fill): state/error-text. Fair (50%): state/pending-text. Strong (100%): state/success-text.

Label right of bar: 'Weak'/'Fair'/'Strong' 12px/500 matching color.

Requirements checklist (12px below bar):

4 rows. Each: 12px circle icon + 13px/400 text.

[] At least 8 characters

[] One uppercase letter

[] One number

[] No spaces

Met: green filled checkmark-circle + text/muted.

Unmet: gray empty circle + text/secondary.

Confirm password field: 52px below, same styling.

Match: teal checkmark (16px) appears right when match.

Mismatch: red X + state/error border.

'Set Password & Continue' button: full width, 52px, disabled until all met + matching.

Loading: 'Creating account...' + spinner.

Terms note: 'By continuing you agree to our Terms and Privacy Policy'
11px/text/muted, links in text/link, centered, 24px above home indicator.

SHOWN
ONCE
EVER

Role Selection

Student/Parent vs Tutor, permanent choice

Design Role Selection screen at 390x844px.

IMPORTANT: This screen appears exactly ONCE after password creation during signup.

The user cannot change their role afterward without admin approval.

Status bar + back arrow + progress bar step 4 of 4 (100% fill).

Headline: 'Who are you?' 26px/500/text/primary, 28px from content top.

Sub: 'This choice is permanent and shapes your entire app experience.'

14px/text/secondary. Small amber info pill: 'Cannot be changed later'.

TWO ROLE CARDS (stacked, 16px gap, full content width 358px each):

CARD 1 — Student / Parent:

Height 148px. White surface/card. 0.5px border/default. radius/card.

Left: 72x72px rounded illustration square — student at desk with books, flat style, brand/primary-light bg.

Right content block:

Title: 'Student or Parent' 17px/500/text/primary.

Desc: 'Find and enroll with verified home tutors near you.'

13px/text/secondary.

3 chips: [Map Search] [AI Chatbot] [Enrollments] — trust/teal-light bg, 11px.

SELECTED state: 2px border/brand, brand/primary-light bg, filled blue checkmark (20px) top-right.

CARD 2 — Tutor:

Same layout. Teacher-at-whiteboard illustration, teal tones.

Title: 'Tutor'. Desc: 'Create your profile, get verified, and connect with students.'

Chips: [Post Profile] [Get Verified] [Earn]

SELECTED: same blue selected state.

EXTRA: when Tutor card is selected, a sub-selector slides in below the card (12px gap):

Label: 'What describes you best?' 13px/500/text/primary.

Two pill toggle options (50% width each, 40px height, radius/pill):

[Student Tutor — College/Uni] [Professional Tutor/Teacher]

Selected: brand/primary fill + white. Unselected: border/default + text/secondary.

'Continue' button: full width, 52px, DISABLED (surface/disabled) until card selected.

Enabled: brand/primary. Loading: 'Saving your role...' + spinner.

S-07

Signup —

Role
Selection

Profile Setup

Name, photo, location, role-specific fields

Design Profile Setup screen at 390x844px. Scrollable form.

Header: 'Set up your profile' 20px/500/text/primary.

Sub: 'Help students (or tutors) find you easily.'

PHOTO UPLOAD (centered, top of form):

96px circle placeholder (brand/primary-light bg, person silhouette).

Small camera badge (32px white circle, brand/primary camera icon) bottom-right of circle.

'Upload a photo' label 13px/text/link centered below.

FORM FIELDS (16px margin, 12px gap):

Full name: standard text input, person icon left.

Display name (optional): same style, 'Shown on your profile' hint.

STUDENT/PARENT additional fields:

Grade/Level: dropdown selector (SEE / +2 Year 1 / +2 Year 2 / Bachelor / Other).

Subjects needed: multi-select chips grid (same subject list as filter screen).

TUTOR additional fields (if tutor role selected):

Subjects I teach: same multi-select chip grid.

Years of experience: number stepper (0-30).

Monthly rate 1-to-1: Rs prefix + number input. Min: Rs 500.

Recommended batch rate: Rs prefix + number input. Label: 'Per student in group.'

Minimum batch rate: Rs prefix + number input. System validates: min < recommended < 1-to-1.

LOCATION SECTION:

'Your approximate area' — location field with GPS auto-detect button.

'Detect location' teal link with GPS icon. Manual address input fallback.

Tutor additional: service radius slider 1-20km with 'km' label.

'Finish Setup' button: full width, 52px, brand/primary.

Disabled until name + location filled. For tutor: also requires subjects + rate.

Loading: 'Creating your profile...' + spinner.

2.2 Student / Parent Flow (S-08 to S-15)

S-08

Student/Parent
— Home Tab

Student Home Feed

Main landing after login

Design Student Home Feed at 390x844px. Background surface/page.

TOP BAR (60px, white, 0.5px bottom border/default):
Left: greeting block.
Line 1: 'Good morning,' 13px/400/text/muted.
Line 2: 'Suhan' 20px/500/text/primary.
Center: location pill (tappable, 8px pad).
Map-pin icon 14px trust/teal + 'Lalitpur, KTM' 13px/500/text/secondary.
border/default, radius/pill, surface/page bg.
Right: bell icon 26px text/secondary. Red badge (18px) with count if unread.

SEARCH BAR (358px, 48px, 12px below top bar, 16px margin):
White bg. 1px border/strong. radius/card.
Left: search icon 20px text/muted. Placeholder: 'Search subject, tutor name...'
Right: filter sliders icon 20px brand/primary (opens S-10 filter sheet).

QUICK ACTION CHIPS (horizontal scroll, 12px below search):
4 chips, 80px min-width, 36px height, radius/pill, 10px gap:
[map-marker icon + Map] - brand/primary-light bg, brand/primary text
[sparkle icon + AI Chat] - ai/purple-light bg, ai/purple-dark text
(PURPLE)
[badge-check icon + Verified] - trust/teal-light bg, trust/teal-dark text
[people-group icon + Batches] - surface/card, border/default

ACTIVE ENROLLMENTS (if enrolled - show populated):
Section header: 'My enrollments' 17px/500/text/primary left.
'See all' link right: 13px/text/link.
Horizontal scroll, enrollment cards 246x108px, 12px gap, white, radius/card, 0.5px border:
Tutor avatar 36px + name 14px/500 + subject chip.
'Next: Mon, May 12 5-7 PM' 12px/text/secondary.
'Active' chip (trust/teal-light, teal text) + 'View' link right.

NEARBY TUTORS:
Section header: 'Tutors near you' same style.
Horizontal scroll, tutor cards 170x200px, 12px gap:
White, 0.5px border, radius/card, 12px padding.
Avatar 56px circle, brand/primary-light bg placeholder.
Name 14px/500/text/primary. Blue Tick 16px teal inline if verified.
Subject chips (1-2, 11px, trust/teal-light bg, truncate +N).
Map-pin 12px + '1.4 km' distance - 12px/text/muted.
Star 12px amber + '4.8' + '(23)' - 12px.
Rate 'Rs 2,500/mo' 13px/500/text/primary.

RECOMMENDED FOR YOU (KNN-powered section):
Sparkle icon + 'Recommended for you' section header.
List of 3 full-width tutor cards (358px, 80px, 8px gap), same info as above but horizontal.

BOTTOM NAV (56px + safe area, white, 0.5px top border):
5 tabs: Home | Map | AI Chat | Enrollments | Profile.
Home: filled house, brand/primary + 'Home' label 11px brand/primary.
Inactive: outline icon only, NO label, text/secondary.
AI Chat: sparkle icon, ALWAYS ai/purple regardless of active/inactive.
Enrollments: calendar icon + red badge count if pending.
Map: map-marker. Profile: account-circle.

S-09

Student
— Map
Tab

Map Search Screen

Full-screen map, floating controls, bottom sheet

Design Map Search at 390x844px. Show 'tutors loaded' populated state.

FULL-SCREEN MAP LAYER (occupies entire 390x844px):

Google Maps light style tile, Lalitpur/Patan area of Kathmandu Valley.

Student location: 14px solid blue circle, white ring (18px total), pulsing animation ring.

TUTOR PINS (show 8-10 of mixed types):

Standard (unverified): 30px teardrop, brand/primary fill, white person-outline 14px inside.

Verified (Blue Tick): 36px teardrop, trust/teal fill, white person-check icon inside.

Slightly larger than standard to visually stand out.

At-capacity: 26px circle, #9CA3AF gray fill, white lock icon, no pointer.

Selected/tapped: scale to 44px, 3px white ring + 1px brand/primary outer ring.

Service radius overlay when selected: semi-transparent teal circle, trust/teal at 15% opacity fill, 1px solid trust/teal stroke (e.g. 4km radius).

Cluster (zoomed out): filled blue circle, count text white 14px/500.

40px for <10, 44px for 10-99, 48px for 100+.

FLOATING TOP SEARCH BAR (16px from edges, 60px from top):

358px x 44px pill, white bg, radius/pill, floating shadow exception.

Back arrow 20px | 'Search tutors...' 14px/text/muted | filter icon 20px brand/primary.

FLOATING RADIUS PILL (centered, 36px from top of map visible area):

White, 200px x 36px, radius/pill, floating shadow.

Location-radius icon 16px trust/teal + 'Within 5 km' 12px/500/text/primary.

Slider handle 16px brand/primary right side. Drag updates pin set in real-time.

FLOATING RIGHT CONTROLS (stacked, right edge 16px, 40% from top):

Near-me button: 44px white circle, navigation-arrow icon, floating shadow.

Layer toggle: 44x80px white pill, two stacked icons:

All tutors (people-outline) / Verified only (badge-check).

Active option: brand/primary. Inactive: text/muted.

BOTTOM SHEET (default collapsed, 180px visible from bottom):

White surface/elevated, top-left/right radius/modal corners.

Handle: 4px x 36px, #D1D5DB, centered, 10px from top.

Header: 'Nearby tutors (14)' 15px/500/text/primary left.

Segment: [Map | List] pills right — active brand/primary fill.

Swipe up = 60% height, full scrollable tutor list.

FLOATING MINI INFO CARD (appears when pin tapped, replaces bottom sheet):

White, 358px x 200px, radius/modal, floating shadow.

Positioned 20px above bottom nav.

Avatar 64px | Name + Blue Tick | Subjects | Distance + Rating + Rate.
Two buttons (12px gap):
'View Profile' – outlined border/brand, brand/primary text, 50% width, 40px.
'Enroll' – brand/primary fill, white text, 50% width, 40px.
X close: 20px top-right of card.

BOTTOM NAV: Map tab active.

Filter Bottom Sheet

Subject, distance, price, verification, rating, sort

Design Filter Bottom Sheet at 390x844px.
Sheet occupies 78% of screen. Top 22%: dim overlay rgba(0,0,0,0.4).
Sheet: white surface/elevated, radius/modal top corners.
Handle: 4px x 36px #D1D5DB centered 12px from top.

Header row (16px pad):
'Filters' 18px/500/text/primary left.
'Reset all' brand/primary 13px/400 right.
X close 22px text/secondary far right.

SCROLLABLE FILTER SECTIONS (16px pad, 20px between sections):

1. SUBJECT multi-select chips:
Overline: 'SUBJECT' 11px/500/text/muted uppercase.
2-column chip grid: Mathematics | Physics | Chemistry | Biology | English |
Computer | Nepali | Social | Accountancy | Economics | History | Others
Each chip: 40px height, radius/pill, 0.5px border/default,
13px/400/text/secondary.
Selected: brand/primary-light bg, 1.5px border/brand, brand/primary text
500.

2. DISTANCE range slider:
Label: 'DISTANCE' overline.
Range slider, 4px track. Thumbs: 22px brand/primary circles, white ring.
Values shown above thumbs: '2 km' – '8 km' 12px/500/brand/primary.

3. MONTHLY RATE range slider:
Same slider style. Range Rs 500 – Rs 10,000. 'Rs 1,000' – 'Rs 4,000'.

4. VERIFICATION toggle row:
'Verified tutors only (Blue Tick)' 14px/text/primary left.
Toggle switch right: OFF=gray. ON=trust/teal fill.

5. MINIMUM RATING:
5 star icons (32px, 4px gap). Tap fills stars amber (#F59E0B).
Auto-label: 'Show tutors rated 4★ and above'.

6. SORT BY single-select pills:

[Distance] [Rating] [Price: Low] [Experience]
Active: brand/primary fill white. Others: outlined.

STICKY BOTTOM (white, 0.5px top border):
'Show 12 tutors' full-width primary button, 52px, brand/primary, radius/pill.
'12 tutors match your filters' 12px/text/muted centered above button.

Enrollment Request Form

Plan, date, schedule, location. NO batch option here.

Design Enrollment Request Form at 390x844px. Scrollable.
 CRITICAL: This form is ALWAYS a 1-to-1 enrollment. No batch option appears here.

TUTOR CONTEXT STRIP (white, 72px, 0.5px bottom border):
 Tutor avatar 44px + Name + Blue Tick if verified + subject chip.
 Right: '4.8 ★' + 'Rs 3,500/mo'.

SECTION 1 – Plan Duration:
 Label: 'Select plan duration' 15px/500/text/primary.
 2x2 grid of plan cards (168px x 88px each, 10px gap):
 [1 Month] [3 Months] [6 Months] [12 Months]
 Each: white, 0.5px border, radius/card.
 Duration: 18px/500/text/primary. Monthly rate: 13px/text/secondary.
 'Save 10%' chip for multi-month plans: state/success-bg, state/success-text, 10px.
 SELECTED: 2px brand/primary border, brand/primary-light bg, blue filled checkmark.

SECTION 2 – Start Date:
 Inline mini calendar: current month 6-week grid.
 Day cells 36px, radius/chip. Today: brand/primary outline. Selected: brand/primary fill.
 Past: text/muted, not tappable. Month navigation arrows.

SECTION 3 – Schedule (Days per week):

7 day pills (Mon Tue Wed Thu Fri Sat Sun).
Each: 44x36px, radius/pill, 0.5px border/default, 12px/400.
Selected: brand/primary bg + white text. Counter: '2 days selected'
text/muted.

SECTION 4 – Preferred Time Slot:
'Select from tutor available times only' label.
Time chips grid: Morning 6-9am | 9am-12pm | Afternoon 12-3pm | 3-5pm |
Evening 5-7pm | 7-9pm
Available: outlined, tappable. Booked/full: surface/disabled + lock icon,
not tappable.
Selected: trust/teal fill + white text.

SECTION 5 – Teaching Location:
Address text input: location-pin icon left. 'Use current location' teal link
below.
Mini embedded map (160px, radius/card): shows approximate area pin.

SECTION 6 – Trial Week Toggle:
'Request trial week (first 7 days, cancel anytime)' left. Toggle switch
right.

SECTION 7 – Note to Tutor:
Textarea 80px height, border/default, 'Optional message...' placeholder.

SUMMARY CARD (near bottom, white, radius/card):
'Enrollment summary' header.
Rows: Plan | Start date | Schedule | Location | Monthly rate.
Total 'Rs 3,500 / month' 16px/500/text/primary.

'Send Enrollment Request' button: full width, 52px, brand/primary,
radius/pill.
Sub: 'Tutor responds within 24 hours' 12px/text/muted centered.

Progress bar 4px, brand/primary fill, animated. '47% 1.2 MB'.

UPLOADED state:

1px trust/teal border, trust/teal-light bg.

Doc thumbnail (80x60px, radius/chip) + filename + filesize.

Teal checkmark circle 20px top-right. 'Remove' red link 11px.

ZONE 2 – Citizenship ID / NID:

Show BEFORE state (not yet uploaded).

ZONE 3 – Demo Video (Professional Tutor only – LOCKED for Student Tutor):

Gray overlay on zone: 'Required for Professional Tutor badge only'.

Lock icon centered on zone.

INFO BOX (amber, radius/card):

Clock icon + 'Admin reviews documents within 48 working hours.' + notification note.

'Submit for Review' button: full width, 52px, brand/primary.

Disabled until all required docs uploaded.

APPROVED STATE VARIANT:

Tier card: trust/teal bg, white text, animated Blue Tick.

'Congratulations! Your Student Tutor Badge is now live.'

All zones: teal 'Verified' label.

S-21

Tutor —
Profile >
Availability

Tutor Availability & Scheduling

Visual weekly calendar, time slot management

Design Tutor Availability screen at 390x844px.

Header: 'My Availability' + 'Save' top-right.

WEEKLY GRID (white card, radius/card, 16px margin):

7 columns (Mon-Sun), day labels at top 12px/500/text/secondary.

6 time slot rows:

Morning 6-9am | 9am-12pm | Afternoon 12-3pm | 3-5pm | Evening 5-7pm | 7-9pm

Each cell: 48px height, tappable.

Available: trust/teal-light bg, trust/teal-dark text 11px/500.

Booked (student already assigned): brand/primary-light bg, brand/primary text. Lock icon.

Batch slot: ai/purple-light bg, people icon, 'Batch' label.

Unavailable: surface/disabled, text/muted.

Tap toggles Available/Unavailable (locked slots cannot be tapped).

BLOCKED DATES (white card):

Header: 'Unavailable dates' + '+ Add date range' link.

List of date range chips: 'Dec 25-Jan 5 Christmas break' with X remove.

CONFLICT DETECTION BANNER (shown if conflicts found):

Amber banner: 'You have 2 students scheduled during Evening 5-7pm on Wednesdays.

Removing this slot will notify them.' with Review and Cancel buttons.

SESSION COUNT SUMMARY (bottom of screen):

'Your current schedule: 7 active students across 14 weekly sessions.'

'Estimated monthly sessions: 56'

2.4 Admin Panel (S-22 to S-25)

Admin Access Note

Admin uses the same login screen as all users. The database role field = 'admin' routes them here. No OTP for admin login -- phone + password only. Admin credentials created manually in Firestore. Admin accounts require 16+ character passwords. Never accessible via public-facing API.

S-22

Admin —
Queue
Tab

Admin Verification Queue

Review tutor docs, approve/reject, grant badges

Design Admin Verification Queue at 390x844px. Data-dense but same design system.

PAGE HEADER (white, 60px, 0.5px bottom border):

'Verification Queue' 20px/500/text/primary.

'Sort: Oldest first' dropdown small right.

STATS STRIP (white, 56px, 0.5px bottom border, 3 metrics separated by dividers):

'Pending: 8' amber text | 'Approved today: 3' green text | 'Rejected: 1' red text.

Values 16px/500. Labels 11px/text/muted.

FILTER CHIPS: [All] [Student Tutor] [Professional] [Resubmitted]

brand/primary active chip style.

QUEUE CARDS (white, 0.5px border, radius/card, 16px pad, 16px margin, 12px gap):

- TOP ROW: tutor avatar 44px + name 15px/500 + tutor type badge (Student Tutor: blue graduation-cap icon | Professional: diploma icon). Right: '2 hours ago' 12px/text/muted.
- SUBJECT CHIPS row.
- DOCUMENTS ROW (horizontal, 8px gap):
 - Each doc: 60x44px card thumbnail, radius/chip, border/default.
 - Doc type label below: 'College ID' / 'Citizenship' / 'Demo Video'.
 - Video thumb: film-strip border + play-circle icon 20px centered.
 - Tapping doc: opens full-screen document viewer.
- ACTION ROW:
 - 'Approve' – trust/teal fill, 35% width, 40px.
 - 'Request More' – outlined brand/primary, 35%.
 - 'Reject' – state/error border + text, 30%.

REJECT MODAL (bottom sheet 52% height, on reject tap):

- 'Reject Submission' header.
- Reason radio chips: Documents unclear | Fraudulent | Incomplete | Other.
- Message textarea: 'Explain what to resubmit...' 80px.
- 'Send Rejection' state/error fill button. 'Cancel' link.

APPROVED ROW VARIANT: Blue Tick badge 20px appears inline after tutor name. Card bg: trust/teal-light. 'Approved' chip state/success-bg.

BOTTOM NAV: Queue (shield-check) | Users (account-multiple) | Stats (chart-bar) | Settings (cog).

- Queue tab active. Badge on queue tab if pending reviews.

No separate login screen needed -- admin uses same phone+password login as all users.

S-23

Admin —
Users
Tab

Admin User Management

Search, filter, suspend, reinstate, remove users

Design Admin User Management at 390x844px.

PAGE HEADER: 'User Management' 20px/500.

SEARCH BAR: full width 358px, 44px, search icon left.
Placeholder: 'Search by name or phone number...'

ROLE FILTER TABS: [All] [Students] [Tutors] [Admin]
Same tab bar style as other screens. Badge count per tab.

USER LIST (white cards, 72px, 8px gap, 16px margin):

- Left: 44px avatar circle.
- Center:
 - Name 14px/500/text/primary + role badge (Student Tutor / Professional / Student).

Phone 13px/text/secondary.
Joined date 12px/text/muted.
Right: STATUS chip (Active / Suspended / Pending) + chevron.
Tapping user: opens user detail sheet.

USER DETAIL SHEET (bottom sheet 75% height):
User info block: larger avatar + name + role + verification tier + join date + total enrollments.
ACTION ROW:
 'Suspend Account' – state/error outlined, 50%.
 'Reinstate' (if suspended) – state/success outlined, 50%.
 'Remove Account' – state/error fill, full width below.
Activity log: last 5 actions (enrolled with X, reviewed Y, etc.).

SUSPENDED USER CARD STYLING:
Slight opacity 70%. 'Suspended' chip state/error-bg.

S-24

Admin —
Stats Tab

Admin Platform Statistics

KPI cards, enrollment trend, subject demand

Design Admin Platform Stats at 390x844px.

PAGE HEADER: 'Platform Stats' + 'Last 30 days' dropdown top right.

KPI METRIC CARDS (2x2 grid, same component as all dashboards):

Card 1: 'TOTAL USERS' '1,248' '↑ 12% this month' green.
Card 2: 'ACTIVE ENROLLMENTS' '342' '↑ 8%' green.
Card 3: 'VERIFIED TUTORS' '67%' of all registered tutors.
Card 4: 'AVG PLATFORM RATING' '4.6 ★' '↑ 0.1' green.

USER TYPE BREAKDOWN (white card, 2-row table):

Students: 892 | Student Tutors: 231 | Professional Tutors: 125.
Each: icon + label + count + percentage bar (brand/primary fill).

ENROLLMENT TREND CHART (white card, 200px chart area):

Header: 'Enrollments – last 7 days'.
7 vertical bars Mon-Sun. brand/primary fill.
X-axis: day labels 12px/text/muted. Y-axis: count left.
Tap bar: white tooltip pill above showing exact count.

SUBJECT DEMAND CHART (white card, horizontal bars):

Header: 'Most requested subjects'.
8 subjects. Row: label 13px/text/secondary left | bar (brand/primary fill) | count right.

Mathematics		234
Physics		156
English		128
... etc.		

Background track: border/default.

VERIFICATION QUEUE STATUS (small card, amber if backlogs):

'Pending verifications: 8 (oldest: 3 days ago)' + 'Review Now' button.

BOTTOM NAV: Stats tab active.

Batches

Browse Batches — Student

Separate path for joining open batch slots

Design Browse Batches (Student view) at 390x844px.
This is a SEPARATE path from the main 1-to-1 enrollment flow.

HEADER: back arrow + 'Browse Open Batches'.
Sub: 'Tutors sometimes list open group slots at lower rates.'
13px/text/secondary.

FILTER ROW (horizontal scroll chips): [All] [Mathematics] [Physics] [English]
[Near Me]

BATCH LISTING CARDS (white, 0.5px border, radius/card, 16px pad, 12px gap):
TOP: Tutor avatar 48px + Name + Blue Tick if verified + subject chip.
BATCH INFO:
 'Batch name: Grade 10 Physics Group A'.
 Schedule: 'Mon, Wed 4:00-6:00 PM'.
 Seats: people icon + '2 of 6 seats filled' + mini seat fill bar.
 Rate: 'Rs 2,200 / student / month' in 14px/500/text/primary.
 Savings chip: 'Save Rs 1,300/mo vs 1-to-1' state/success-bg.
 Distance: '1.8 km from you'.
 'Request to Join' outlined button trust/teal, full width, 40px, radius/pill.
At-capacity batch: button shows 'Full — Join Waitlist' outlined gray.

JOINING FLOW (bottom sheet 60% on tap):
 Batch details review + student's name auto-filled.
 Note to tutor: optional textarea.
 'Send Join Request' teal button.
 Info: 'Tutor will respond within 24 hours.'

S-26

All Users
— Bell
icon

Notifications Center

In-app notification list, read/unread, preference toggle

Design Notifications Center at 390x844px.

HEADER: 'Notifications' 20px/500 + 'Mark all read' link right.

FILTER TABS: [All] [Enrollment] [Batches] [Reviews] [Verification]

NOTIFICATION ITEMS (white, 72px, 8px gap, 0.5px border, radius/card, 16px margin):
 Left: 44px notification icon circle (colored per type):
 Enrollment request: brand/primary bg, calendar icon.

Enrollment accepted: trust/teal bg, checkmark icon.

Batch invitation: people-group icon, amber bg.

Session reminder: clock icon, blue bg.

Waitlist open: person-add icon, green bg.

Verification update: shield-check, teal bg.

New review: star icon, amber bg.

Admin message: cog icon, gray bg.

Center: Notification title 13px/500/text/primary. Body 12px/text/secondary
2-line max.

Right: timestamp 11px/text/muted. Unread: blue dot 8px top-right of item.

UNREAD item: brand/primary-light bg, slight left-border 3px brand/primary.

EMPTY STATE: bell-outline icon 80px text/muted + 'No notifications yet'.

BOTTOM SHEET — Notification Preferences (accessible via settings icon in header):

Toggle rows for each notification type.

Push notifications master toggle at top.

'Session reminders' and 'Enrollment updates' always on (not toggleable).

SECTION 3

Component Library Prompts -- Paste each block to generate reusable Figma components. All must use Auto Layout and Figma Variables.

3. Component Library

3.1 Input Components & Buttons

Create the EdumentX input component set in Figma. All Auto Layout. All tokens from Variables.

TEXT INPUT FIELD (5 states: Default / Focused / Filled / Error / Disabled):
Fill container width. Height 52px. White bg. radius/card (10px).
Default: 1px border/strong. Focused: 1.5px border/brand + brand/primary-light 25% bg.
Filled: 1px border/strong + text/primary content. Error: 1.5px state/error-text border + state/error-bg.
Disabled: surface/disabled bg, text/muted, cursor not-allowed.
Left icon slot (20px, text/muted) – optional. Right slot: clear X / eye / tick / error icon.
Error state: error message row below – red X 14px + 12px/400/state/error-text.

PHONE INPUT: 96px left section (flag + country code), 1px divider, numeric input right.
PASSWORD INPUT: eye/eye-off toggle 20px right.
SEARCH INPUT: search icon left, filter icon right, radius/pill for floating version.
TEXTAREA: min-height 80px, resize vertical. Character counter bottom-right '0/500'.

PRIMARY BUTTON (3 sizes x 5 states):
Large: 52px height, radius/pill. Medium: 44px. Small: 36px.
States: Default (brand/primary bg, white text 15px/500) | Hover (brand/primary-dark)
| Pressed (scale 0.98 + brand/primary-dark) | Disabled (surface/disabled, text/muted)
| Loading (spinner 18px white + 'Loading...' text, disabled).
Min width 120px. Full-width variant: stretch to container.

SECONDARY BUTTON: outlined 1px border/brand, text: brand/primary, transparent bg.
Hover: brand/primary-light bg. All same size variants.

DESTRUCTIVE BUTTON: state/error-text, state/error border. 'Reject', 'Remove' etc.

TRUST BUTTON: trust/teal fill, white text. 'Accept', 'Approve', 'Verified' actions.

TEXT LINK: brand/primary text, no bg, underline on hover. 13px/400 inline.

TOGGLE SWITCH: 48x28px radius/pill. OFF: #D1D5DB fill + white thumb 22px left.
ON: trust/teal fill + white thumb right. Spring transition animation.

CHECKBOX: 20x20px, radius 4px. Unchecked: border/strong. Checked:
brand/primary fill + white checkmark.

RADIO CHIP: pill-shaped, 40px height. Unselected: outlined. Selected:
brand/primary fill + white.

STEPPER: minus button | number | plus button, each 40px, inline,
border/default between.

3.2 Tutor & Student Cards

Create all card component variants in Figma with Auto Layout.

TUTOR CARD – COMPACT (170x200px, for horizontal scroll):

White surface/card, 0.5px border/default, radius/card, 12px internal padding.

Vertical Auto Layout, center-aligned.

Avatar: 56px circle, brand/primary-light bg placeholder.

Name: 14px/500/text/primary, 1 line truncate.

Inline after name: Blue Tick 16px teal circle if verified | Student Tutor badge if tier 1.

Subject chips: 1-2 chips, 11px, trust/teal-light bg, radius/pill, +N overflow.

Distance row: map-pin 12px text/muted + '1.4 km' – 12px/text/muted.

Rating row: star amber 12px + '4.8' + '(23)' – 12px.

Rate: 'Rs 2,500/mo' – 13px/500/text/primary.

TUTOR CARD – FULL WIDTH (358x90px, for list views):

Horizontal Auto Layout.

Left: 48px avatar. Center: Name + badge | subjects | distance + rating.
Right: rate + chevron.

TUTOR CARD – MAP RESULT (358x100px, bottom sheet list):

Same as full width + availability day chips row.

ENROLLMENT CARD – ACTIVE (358x120px):

Tutor avatar 48px with trust/teal ring | name + subject + schedule + location | status chip + dates.

Bottom: 'View Details' link brand/primary right.

BATCH INVITATION CARD (358px, amber tinted, 4px amber left border):

Tutor info + batch rate + savings chip + Accept/Keep-1-to-1 buttons + expiry.

ENROLLMENT REQUEST CARD for Tutor (80px, horizontal):

Student avatar + name + grade + subject + plan + distance + Pending chip.

METRIC CARD (165px x 88px, for all dashboards):

Vertical Auto Layout. White, 0.5px border, radius/card, 16px pad.

Overline 11px top. Value 24px/500 middle. Trend 12px bottom.
States: Default | Positive (green trend) | Negative (red trend) | Warning (amber).

OPEN BATCH CARD (for Browse Batches, 358px):

Tutor info + batch name + schedule + seat bar + rate + savings chip + 'Request Join' button.

3.3 Badges, Chips & Status Indicators

Create the EdumentX badge/chip set in Figma.

BLUE TICK BADGE (Verified Professional):

3 sizes: 16px inline / 20px card header / 24px profile hero.
trust/teal fill circle. White checkmark icon inside (10px, 13px, 16px).
Tooltip on long-press: 'Verified Professional Tutor'.

STUDENT TUTOR BADGE (Tier 1 verification):

Same sizes as Blue Tick. brand/primary fill. White graduation-cap icon.
Tooltip: 'Verified Student Tutor – College Enrolled'.

PHONE VERIFIED BADGE (Tier 0 – all users):

14px gray circle. White phone-check icon. Only on detailed views, not cards.

STATUS CHIPS (radius/pill, 8px horizontal pad, 28px height):

Active:	trust/teal-light bg	trust/teal-dark text	checkmark-circle icon
Pending:	state/pending-bg	state/pending-text	clock icon
Rejected:	state/error-bg	state/error-text	close-circle icon
Completed:	state/success-bg	state/success-text	checkmark-circle icon
At Capacity:	surface/disabled	text/muted	lock icon
Verified:	trust/teal-light	trust/teal-dark	badge-check icon
Batch:	ai/purple-light	ai/purple-dark	people-group icon
Counter-offer:	#FFF7ED	#92400E	arrow-left-right icon

SUBJECT CHIPS (content tags, not status):

trust/teal-light bg, trust/teal-dark text, 11px/500, radius/pill, 6px pad, 22px height.

DISTANCE BADGE: map-pin 12px text/muted + value, surface/page bg, border/default, radius/pill.

RESPONSE RATE BADGE: lightning-bolt 12px amber + 'Responsive' – amber tinted chip.

Only shown if tutor > 90% response rate within 24h.

TOP TUTOR BADGE: trophy icon + 'Top Tutor – Mathematics' – brand/primary-light bg, brand/primary text.

28px height, radius/pill. Valid 30 days.

SAVINGS CHIP: 'Save Rs 1,300/mo' – state/success-bg, state/success-text, 10px/500.

NOTIFICATION BADGE (on nav icons):
18px circle, #DC2626 fill, white 10px/500. Top-right of icon -8px offset.
100+ count: shows '99+'.

VERIFIED ENROLLMENT BADGE (on reviews):
Small chip: shield-check icon + 'Verified Enrollment' – trust/teal-light bg, 10px/500.

PROFILE COMPLETION METER (for tutor profiles):
Progress bar (4px, full card width). brand/primary fill percent.
'Profile 70% complete' label. Prompt below: 'Add a demo video to increase visibility.'

3.4 Bottom Navigation Bars — All 3 Roles

Create all 3 Bottom Navigation Bar component variants.

SHARED SPECS:
Width: 390px. Height: 56px + safe area inset (34px iPhone = 90px total).
Background: surface/card (#FFFFFF). Top border: 0.5px border/default. FLAT – no shadow.

TAB ITEM (used inside all 3 nav bars):
Width: fill/equal. Height: 56px. Vertical Auto Layout, center-aligned, 4px gap.
INACTIVE: outline icon 26px text/secondary. NO label visible.
ACTIVE: filled icon 26px brand/primary. Label 11px/500/brand/primary below.
Top accent: 2px brand/primary line at very top of tab item.
BADGE: 18px red circle top-right of icon (-8px offset). White count text 10px/500.

STUDENT NAV (5 tabs):

Home:	house-outline / house-fill	brand/primary when active
Map:	map-marker-outline / map-marker	brand/primary
AI Chat:	sparkle-outline / sparkle	ai/purple ALWAYS (active AND inactive)
Enrollments:	calendar-outline / calendar	brand/primary + badge if pending
Profile:	account-circle-outline / account-circle	brand/primary

IMPORTANT: AI Chat tab icon is ALWAYS ai/purple (#4F46E5) in BOTH active and inactive.
This permanent purple color makes it instantly identifiable as the AI feature entry point.

TUTOR NAV (4 tabs):

Dashboard:	view-grid-outline / view-grid	brand/primary
Inbox:	message-text-outline / message-text	brand/primary + pending request badge
Batches:	account-group-outline / account-group	brand/primary + pending batch badge
Profile:	account-circle-outline / account-circle	brand/primary

ADMIN NAV (4 tabs):

Queue: shield-check-outline / shield-check brand/primary + pending review badge

Users: account-multiple-outline / account-multiple brand/primary

Stats: chart-bar-outline / chart-bar brand/primary

Settings: cog-outline / cog brand/primary

All icons from MaterialCommunityIcons (consistent weight, style).

Responsive icon sizes: 22px at 360px width, 26px at 390px, 28px at 430px+.

3.5 Map Pin Components

Create the EdumentX map pin component set.

BASE SHAPE: teardrop (circle top, triangle point bottom-center).

The point represents the exact map coordinate anchor.

STANDARD TUTOR PIN (30x38px):

brand/primary (#1A56DB) fill. Person-outline icon 14px white inside circle.

2px white border ring around the circle part.

VERIFIED TUTOR PIN (36x44px – larger to stand out):

trust/teal (#0D9E75) fill. Account-check icon 16px white inside.

2px white border ring.

AT-CAPACITY PIN (26x34px – smaller, de-emphasized):

#9CA3AF gray fill. Lock icon 12px white inside. No border ring.

SELECTED PIN (any type, +8px larger when tapped):

Same fill as type. 3px white ring + 1px gap + 1px brand/primary outer ring.

Scale animation: spring from original to selected size.

CLUSTER PIN (40-48px CIRCLE – not teardrop):

brand/primary fill. White count number 14px/500 centered.

40px = 1-9 tutors. 44px = 10-99. 48px = 100+.

STUDENT LOCATION MARKER (circle, not teardrop):

14px solid blue inner circle. 18px white ring. 24px pulsing blue outer ring (animated).

SERVICE RADIUS OVERLAY (separate layer, variable radius):

trust/teal at 12% opacity fill. trust/teal 40% opacity stroke 1px.

Appears over map when a pin is tapped. Disappears on map pan or other pin tap.

AVAILABILITY TOGGLE MAP EFFECT:

Tutor marks 'Busy' -> their pin becomes the gray at-capacity style.

Tutor marks 'Available' -> pin returns to standard or verified style.

Changes propagate in real-time to all users viewing the map.

SECTION 4

Prototype & Interaction Notes -- Manual wiring, animations, responsive rules, empty states, offline handling

4. Prototype & Interaction Specification

4.1 Navigation Flow (Auth Routing)

Role-Based Routing Logic

After login, the app reads role from Firestore. routing happens automatically:

role = 'student' or 'parent' => Student Home Feed (S-08)

role = 'tutor' => Tutor Dashboard (S-16)

role = 'admin' => Admin Verification Queue (S-22)

Role Selection (S-06) is NEVER shown again after signup. It is a one-time screen.

Forgot Password: phone entry > OTP verify > Create New Password > back to login.

Screen transition types:

- Splash > Onboarding: instant (no animation — auto-dismiss)
- Onboarding slides: horizontal swipe, 300ms ease-out
- All forward navigation (push): slide left 300ms cubic-bezier(0.19,1,0.22,1)
- Back navigation: slide right, same timing
- Bottom sheets: slide up from bottom 300ms spring, dim overlay fades in 200ms
- Modals (alerts, rejection dialogs): fade scale from 0.95, 200ms
- Map mini info card: slide up 200ms ease. Dismiss: slide down
- Tab switches (bottom nav): fade 150ms, no slide
- Dashboard load: skeleton fade-in then content fade-in 200ms

4.2 Bottom Sheet Interaction Rules

- Handle drag: expand to 90% max, collapse to 20%, dismiss below 15% of sheet height.
- Dim overlay tap: dismisses most sheets. Exception: Filter sheet (S-10) requires explicit close.
- Create Batch (S-18): 3-step sheet uses horizontal slide animation between steps.
- Reject modal (admin S-22): bottom sheet 52% height, cannot dismiss by overlay tap.
- Mini info card on map: dismissed by X button, map pan (20px+), or tapping different pin.

4.3 Responsive Design Implementation

- All Figma frames: iPhone 14 390x844px as primary. Create additional frames at 360px (Min) and 430px (Max).
- All components use Auto Layout with fill/hug sizing. No fixed widths on content except defined card sizes.
- Cards in horizontal scroll: fixed 170px wide (compact). Fixed 246px (enrollment cards).
- 2-column grids: each card = 50% width minus half gap. At 360px: $(360-32-10)/2 = 159\text{px}$ per card.
- Text: always clip with ellipsis at 1 or 2 lines max. Never allow overflow past card bounds.

- Bottom nav: pin with 'Fix position when scrolling' in Figma.
- Map screen: map layer fills 100% width and height. All floating elements absolute above map.
- Safe area: top 52px (status bar). Bottom: device-dependent (34px iPhone, 0px Android with nav buttons).

4.4 Empty, Loading & Error States (All Screens)

Every major screen must have all 3 states:

- SKELETON LOADING: Gray shimmer bars/circles matching layout. Color #E5E7EB with #F3F4F6 shimmer sweep.
- Text skeletons: rounded gray bars at appropriate text widths (60%, 80%, 40%).
- Avatar skeletons: gray circles same size as real avatars.
- Card skeletons: gray rectangles at card dimensions.
- EMPTY STATE: 80-100px monochrome illustration (brand/primary-light tones) + message + CTA button.
- 'No tutors nearby' — map with no pins illustration. CTA: 'Expand search radius'.
- 'Inbox is empty' — envelope open illustration.
- 'No enrollments' — calendar bare illustration.
- 'Batch has no students' — empty seats illustration.
- ERROR STATE: error icon 40px state/error-text + message + 'Try again' outlined button.
- OFFLINE BANNER: top of screen, 36px, state/pending-bg, '• No internet — actions will sync when connected'.
- Forms: submitted when offline show 'Queued — will send when connected' amber chip.
- Map offline: shows 'Map unavailable — switch to list view' banner + auto-switches to list.

4.5 Conflict Detection & Validation Rules

- Enrollment form: time slots already booked by other students show as gray/locked chips.
- Batch creation: Step 1 disables 'Next' until 2+ students selected.
- Batch rate validation: cannot be above 1-to-1 rate, cannot be below minimum batch rate.
- Capacity: tutor at capacity shows gray lock pin on map, disabled 'Enroll' button on profile.
- Review submission: disabled until overall rating set + 30+ character written review.
- Password creation: 'Set Password' disabled until all 4 requirements met + passwords match.
- Profile setup: 'Finish Setup' disabled until name + location filled (+ subjects + rate for tutors).

4.6 Notification Design Rules

8 notification types with distinct icon colors:

- Enrollment request received (tutor): brand/primary bg, calendar icon.
- Enrollment accepted/rejected/counter (student): trust/teal / state/error / state/pending bg.
- Batch invitation received (student): people-group icon, amber bg.
- Session reminder — 60 min before (both): clock icon, brand/primary bg.
- Waitlist slot opened (student): person-add icon, state/success-bg.
- Verification status update (tutor): shield-check icon, trust/teal bg.
- New review received (tutor): star icon, amber bg.
- Admin document request (tutor): cog icon, gray bg.

4.7 Figma File Organization

Recommended 9-Page File Structure

Page 1: COVER -- project title, team, version, table of contents
Page 2: DESIGN SYSTEM -- color tokens, typography, spacing, icons, radius
Page 3: COMPONENTS -- all component sets (inputs, buttons, cards, badges, nav, pins)
Page 4: AUTH FLOW -- S-01 through S-07 + all states
Page 5: STUDENT -- S-08 through S-15 + empty/loading/error states
Page 6: TUTOR -- S-16 through S-21 + all states
Page 7: ADMIN -- S-22 through S-24 + modals and action sheets
Page 8: PROTOTYPE -- all screens connected with correct transitions, demo flow
Page 9: SPECS -- annotation overlays with spacing, color, font callouts

4.8 Final Handoff Checklist

- Every color references a Figma Variable token. Zero hardcoded hex values anywhere.
- Every text element references a Text Style. Font sizes match the scale exactly.
- All components use Auto Layout. No fixed absolute layers inside scrollable content.
- All interactive elements have Default, Hover, Pressed states minimum.
- All input fields have all 5 states: Default, Focused, Filled, Error, Disabled.
- All tap targets are 44x44px minimum — run Figma's tap target audit.
- All screens tested at 360px and 430px widths — no content clipped.
- Prototype flow: Splash > Onboarding > Signup > correct dashboard. Login > correct dashboard.
- Admin login route tested separately: same login screen > Admin Panel.
- All screen names use S-XX convention matching this document.
- Component library published for team to use from Figma assets panel.

Document produced for EdumentX — v2.0 incorporating all 17 design improvements.

National College of Engineering, BCT Department. February 2026.
